Technical Data Sheet

Flushing Oil

Flushing Oil

Mineral Based Engine Oils

Description

An excellent quality Flushing Oil designed primarily for use as a Crankcase Flushing Fluid petrol and diesel engines prior to replenishment with new oil. Revolution Flushing Oil is a low viscosity flushing oil manufactured from solvent refined base oil and proprietary additives providing anti-wear, anti-corrosion, anti-oxidant and detergency/dispersancy properties.

Application

This Flushing Oil suitable for all four stroke engines requiring a flushing charge to remove sludge, carbon build up, and to neutralise residual acidity.

Benefits

- Fast one step operation
- Excellent cleaning action
- Removes black sludge
- Protects the engine as it cleans

Typical Inspection Data

Kinematic Viscosity @ 40° (cSt)	28.1
Kinematic Viscosity @ 100° (cSt)	4.93
Viscosity Index	97
Pour Point Degrees Centigrade	-12
Flash Point Degrees Centigrade	205
Specific Gravity @ 15.6 Degrees Centigrade	0.876
