Technical Data Sheet

Varsigma 5w/20

Varsigma 5w/20

Fully Synthetic Engine Oils

Description

Revolution Varsigma 5w/20 is a fully synthetic engine oil developed for certain Ford Ecoboost petrol and diesel engines. Varsigma 5w/20 provides significant fuel saving benefits to the motorist by virtue of its low viscosity and low friction technology whilst maintaining engine protection and component durability. This product is formulated with high quality synthetic base stocks and the very latest in additive technology.

Application

Revolution Varsigma 5w/20 is suitable for petrol and diesel engines that require a lubricant and for Ford Ecoboost engines that require WSS-2C948-B.

Benefits

- Excellent protection against rust, corrosion and foam formation
- Improved engine performance in all driving conditions
- High oil film strength in all driving conditions
- Long drain intervals
- Fuel economy improvement
- High thermal stability

Performance Level

- API SN
- ILSAC GF 5
- FORD WSS-M2C948-B

Typical Inspection Data

| | |
|----------------------------------|------|
| Kinematic Viscosity @ 40° (cSt) | 45.1 |
| Kinematic Viscosity @ 100° (cSt) | 8.3 |
| Viscosity Index | 161 |
| Pour Point Degrees Centigrade | -48 |
| Flash Point Degrees Centigrade | 233 |
| TBN (mg KOH/g) | 87.9 |
